

What's happening at Abbott

Mr. Campbell is not new to Abbott, but he is our new Assistant Principal and there are a few interesting facts about him that you might not know. He has an 8 month old little girl who is now learning to crawl and eat solid foods. Although it may seem that he is having a a great time getting to know the kids, his main goal is to survive this tough job or to not fall asleep on his desk while working. He loves when you say hi to him so if you see him walking around, make sure you say hello.

At Abbott Middle School, we value mutual respect, empathy, good choices, teamwork, and trust.

We believe that a safe learning environment will promote success for everyone.

WE ARE ABBOTT

"I like football because it's consistent and I love the rush of the game."

- Joshua Violette

"Football is fun and I enjoy breaking the stereotype that girls can't play football"

By Evelyn Fenol

"I enjoy the constructive criticism and that girls have the same opportunity as guys."

By Amanda Jarrett

Football

S P I R I T W E E K

Spirit Week is when students dress up in the days theme, then leadership runs to each grade class 5th period to count who participated for that day. And of course what is Spirit Week without a lunch time activity? Each day there is a new lunch activity that you may take part in and also earn points for your grade level.

Students look forward to spirit week once per quarter. Did you take part in this weeks Spirit Week? If you didn't, that is alright, there are many more to come.

At the end of the year, the grade level with the most points will earn a fun reward for being the most spirited class so make sure to show your Abbott pride! Go Falcons!
