Dear Beresford Families,

As you prepare for the new school year this summer, please see the lists below from the Beresford teachers. In order for our classrooms to be prepared for the school year, we are asking for classroom supply donations. Please see the list below for what your child's new grade level teachers have requested. There is also a wish list for classroom supplies. If you see any of these items on sale, or while shopping at your favorite stores, we hope that you will be able to donate them to your child's classroom. We are asking that each family drop off their items on **Opening Night, Monday August 14th from 4:00-7:00pm**. You can also bring the supplies to the classroom on the first day of school, **Tuesday, August 15th**. Once the teachers receive the supplies, they will be kept in the classroom for all students to use. It is our hope that these supplies will last for the year. We appreciate all of your donations.

Thank you very much!

As you make your summer vacation plans, we would like to remind you that your child will need to start school on the first day. If your child is not in school on the first day, he/she may lose his/her spot at the school. It is the District's intent to fill vacant spots at our school sites within the first few days of school so as to stabilize classroom enrollments and support uninterrupted instructional time.

The first day of school for the San Mateo/Foster City School District 2017-2018 School Year will be Tuesday, August 15, 2017. Please make a note of this date on your calendar so that your vacation schedule will not conflict with the days that are being considered.

.....

Mientras hace sus planes para las vacaciones, quisiera recordarle que su niño(a) necesita empezar la escuela el primer día. Si su niño(a) no está en la escuela el primer día, él/ ella podría perder su lugar en la escuela. Es la intención del Distrito de llenar todas las vacantes en nuestras escuelas dentro de los primeros días de escuela, para estabilizar la matriculación en los salones y apoyar a la instrucción sin interrupciones.

Se anticipa que se adoptará en abril, el calendario del Distrito para el año escolar 2017-2018. Las fechas que se están considerando para empezar la escuela Martes, 15 de agosto 2017. Por favor note estas fechas en su calendario para que su vacaciones no esten en conflicto con los días que se están considerando.
