SCHOOL DISTRICT

2015-2016 Student Internet and Electronic Online Networked Services
USER AGREEMENT AND PARENT PERMISSION FORM

As a user of the San Mateo-Foster City School District's computer network, I agree to comply with the rules outlined in Board Policy 6163.4 and Administrative Regulation 6163.4 "Student Use of Technology." I also agree to follow all rules and regulations regarding use of electronic devices and network access posted in classrooms, libraries and laboratories throughout my school. I understand that breaking these rules and regulations may result in loss of internet privileges and other disciplinary measures.

Web 2.0 tools are an important part of your child's education in the 21st Century. With the growth of the web, much of the software our students need is free and on the internet, in the "cloud." Some of this software requires student accounts. We would like to make sure that you have a choice for your child to use web-based tools at school, including the use of student accounts. To reassure you, here are some of the steps we take to protect your child:

- We **do not** use personal student email addresses to set up student accounts.
- We **do not** publish identifiable information about your child.
- Student accounts will be identified by avatars created at <http://www.doppelme.com>. Creating avatars allows students to include personal digital representations of themselves for online or in digital materials without relinquishing any privacy. Pictures portraying the students **will not** be allowed.
- Students are required to sign this Technology User Agreement before they are allowed to use any computer at school for any reason.

As parent and/or legal guardian of the student signing above, I grant permission for my child to access networked computer services and will allow my child to use web-based tools and give authorization to utilize Google Apps for Education. I understand that individuals and families may be held responsible for violations of district and school rules governing use of electronic information sources. I accept responsibility for informing my child about the acceptable use of the internet as outlined in Board Policy 6163.4 and Administrative Regulation 6163.4 "Student Use of Technology."
