

Neighbor Helping Neighbor ^{Volunteers!}

May 21st to May 25th

For the Spring drive, we are asking that students collect **Breakfast items.**

This includes: **Cereal, granola, pancake mix, waffle mix, cocoa mix .**

Please drop them off in your child's classroom during the week.

Project Wee Care is a school-based program that helps children build empathy by donating to needy children in their community. Schools participate in four drives each school year, collecting essentials that are distributed to Samaritan House families in our programs. Every item a family receives helps save money that can be used to keep them housed.
