Beginner Acoustic or Electric Guitar & Ukulele Lessons

Group lessons predicated on our belief that every person, regardless of age, is a capable person. We introduce the student to the musical alphabet (chromatic scale) and how the letters (notes) are put together to form chords. Then we practice stringing (pun intended) chords together to form songs. Finally we play the individual notes of the chords to create transitions, or 'solos'. Each lesson practices strumming patterns, fingerpicking, melody, and harmony. We sing, too! **No Class: 11/23.**
