

Golden Apple Reward System

Daily Behavior Assessment

Each day, lunch supervisors will evaluate the lunch behavior and procedures for each classroom per grade level. The classroom that demonstrates the best expectations in each grade will be acknowledged by the supervisors and will earn a tally mark for the day. Only one class per grade will be selected each day. Tally marks will be recorded by supervisors and displayed above the lunch tables in each lunch court daily. All tally mark totals will reset at zero at the beginning of each week.

Weekly Behavior Assessment

For each grade level, the classroom that receives the most tally marks throughout the week for exemplary behavior will be awarded a **Golden Apple** trophy. On Fridays after lunch recess, lunch supervisors will record the weekly trophy winners and report them to Courtney Krueger and/or office staff. The classes that earned the **Golden Apples** will then be announced over the intercom, and trophies will be presented at this time. Teachers will display the **Golden Apple** in their classroom for the following week.

In the case of a tie between classes within a grade level, those classes will take turns displaying the **Golden Apple** in their classroom. The following week, teachers will select students to deliver the trophy to the new classes once the new recipients are announced.

Trimester Reward

At the end of each trimester, the classrooms that earn the most **Golden Apples** per grade level will earn a party celebration.
