## **SOLAR ECLIPSE Event \*\* Parent Volunteers NEEDED**

By now you should have received Principal Fenech's email through SchoolMessenger indicating that the solar eclipse glasses that the PTA purchased for our school did NOT arrive today as expected. Safety is our priority, as such, students will not be allowed to be outside during the eclipse unless they have ISO-approved solar glasses. Snack and recess will be held indoors.

### **PARENT VOLUNTEERS Needed for MONDAY 8/21**

Our school needs parent volunteers to help teachers escort students outdoors during the eclipse if the student has ISO-approved solar glasses. We will also need volunteers to escort students to the restrooms and to remind them not to look at the sun without solar glasses. You are welcome to join your child outdoors.
