

# LEAD ELEMENTARY EMERGENCY PREPAREDNESS KIT

Natural disasters and other emergencies cannot be prevented but with proper planning we can minimize their effects and consequences. Each child is required to bring the items listed below to their teachers **as soon as possible**. For your convenience we are giving you two options to choose from below. Please choose one:

- **OPTION 1**

Place all the following items in the zip lock bag we have provided for you.

- Non-perishable drink – i.e. small water bottle or juice box
- 2 Non- perishable food items- i.e. granola bar, nuts, dried fruit or crackers (Limit 2 food items)
- Pocket wipes or tissue

Be sure to **PRINT YOUR CHILD’S NAME ON THE BAG**. All items must fit in the bag with it sealed. Do not pack perishable items that might spoil or attract bugs/creatures. All items will be returned or used in class in June.

**An example emergency kit will be displayed in the office**
