Mad Science

Earth, Wind, Inspire

Neither rain, nor sleet, nor snow will stop us from having a great time in this session of Mad Science! We’ll explore how weather works and investigate how our planet was formed! We’ll discover how science is used to solve crimes, and even take home our own I.D. kit! We’ll learn all about pulleys, levers and catapults and you’ll make your own Rocket Racer! We’ll discover how movie special effects are created! You’ll learn about the chemical reactions - that take place in the kitchen! Explore the science behind your favorite toys – maybe even ones that you’ve never seen! You won’t want to miss a minute of this exciting series! No Class: 2/19, 3/12.

Beginner Acoustic Guitar & Ukulele Lessons

We introduce the student to the musical alphabet (chromatic scale) and how the letters (notes) are put together to form chords. Then we practice stringing (pun intended) chords together to form songs. Finally, we play the individual notes of the chords to create transitions, or ‘solos’. Each lesson practices strumming patterns, fingerpicking, melody, and harmony. We sing, too! Instruments are not provided.
