

November 1, 2020

Dear Audubon Families,

As most of you know from communications from our superintendent, we are planning on returning to in-person learning in the AA/BB Hybrid model in grades TK,K and 1 on January 19th and then adding additional grade levels after that (no specific dates have been set for grades 2-5). You can expect an opportunity to update your selection of either full-time distance learning or hybrid model in the coming weeks, along with a detailed description of what these programs will look like. Continue to pay close attention to your emails from the San Mateo-Foster City School District. I will alert you to any emails that require action from you. As the plans for this transition to FTDL/Hybrid at Audubon emerge, I will share them with you. This is a large project for us but we have been preparing for the last several months. There are many moving parts and changing conditions, but we will work hard to make this transition as smooth as possible for you and your children, as well as our staff.
