

Dear Lead Community-

Again, thank you for attending Parent-Teacher Conferences! Conferences are the perfect time to meet your child's teacher, learn about your child's learning for the school year, and set both student academic and social-emotional goals for the school year. This year, conferences are especially important to help you with distance learning at home and make sure your child is set up for success. If you have not scheduled your conference already, please make sure you have signed up for a Parent-Teacher Conference for grades K-5 (see more below). TK conferences will be scheduled separately.

In addition, please continue to support your child at home by logging online on time and attending class with their teacher every school day. I will keep you informed of all county and district updates on distance learning as they are made.
